

2023
CHARDONNAY
MT. HARLAN

vinous

Robert Parker
WINE ADVOCATE

"The 2023 Chardonnay Mt. Harlan neatly balances cool-toned acids with creamy bass notes. Direct and focused, the 2023 is all about precision. Fresh apricot fruit and toasty spice notes open first while crushed-stone-like minerality races through from start to finish. Floral top notes begin to blossom with aeration, leading to a mouthwatering finish. There's an admirable sense of place and distinctiveness here."

- Billy Norris, VINOUS, June, 2026

"The 2023 Chardonnay Mount Harlan is gorgeous, opening with a complex nose of lemon curd, crushed stones, brown sugar and pastry cream. The palate is broad yet precise, offering both rich texture and a subtle, vertical energy that extends through the finish. Ever more radiant and expressive with aeration, this is a beautiful example of old-school California Chardonnay, crafted with a contemporary polish and precision. It should drink beautifully into its second decade."

- Matthew Luczy, WINE ADVOCATE, Aug, 2025
